

Tasky is a friendly reminder app that helps you get back to what the heck you were doing.

Click Tasky's header bar to customize your reminder question.

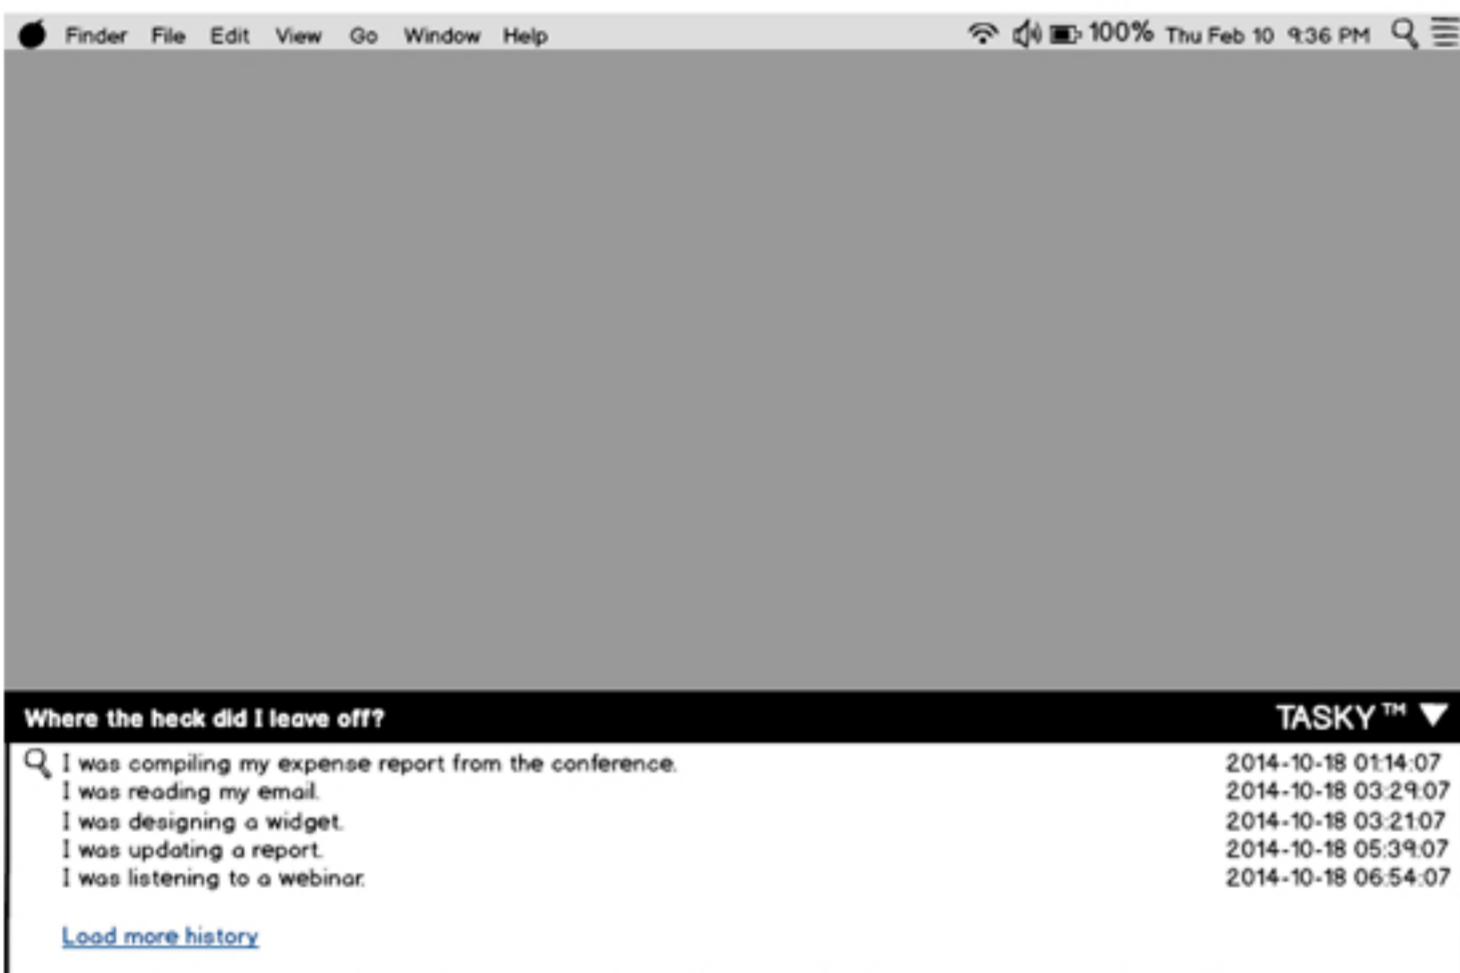

Enter what you were doing when you got distracted and Tasky will make sure you don't forget where you left off.

- There is a 50 character limit.
- The purpose is to quickly record where you left off before you got distracted.

Decide how disruptive you want Tasky to be.

- Pulse every 15 minutes.
- Change color every 15 minutes.
 - set color
- Rise every 15 minutes.
 - rise just a little to get my attention.
 - rise to the middle of the screen to really get my attention.

Expand Tasky to see how many times you were distracted today.

- See what you were doing earlier in the day.
- Choose what task you want to return to.
- See what you were doing yesterday.

Tasky sits discretely anywhere on your screen.

Just drag-n-drop.

- top
- left
- bottom
- right
